PROGRAM OVERVIEW:
This interactive cadaver program is designed specifically for residents, fellows, and attending surgeons specializing in Oral and Maxillofacial Surgery, Otolaryngology–Head and Neck Surgery, and Plastic and Reconstructive Surgery who have a desire to gain advanced knowledge and skills in surgical approaches, techniques, and complications of Orthognathic surgery. The interdisciplinary faculty will focus on the management of midface and mandibular deformity corrections in adult and pediatric patients. Discussion will emphasize techniques for surgical decision making, including fixation and implant choices, as well as the prevention and management of complications and clinical outcomes.

ACCOMMODATIONS:
The Cosmopolitan of Las Vegas
3708 Las Vegas Boulevard South
Las Vegas, NV 89109
Accommodations will be arranged on participants' behalf. Please do not make separate reservations.
